G.O.P. Shows Its Strength, Presses For Added Slashes

Marshall Plan Program Is Dropped Quarter of Billion by 165 to 163 Vote

Washington, March 29 (AP)—Republicans clamoring for deep slashes in government spending today pressed an advantage won in a \$250,000,000 cut in the 1951 Foreign Economic Aid program.

Republican economy strength won its first real test yesterday when the House tentatively lopped a quarter billion dollars from European recovery funds. The vote was 165 to 163.

This reduced the administration's Marshall Plan program for western Europe from \$2,500,000,000 to \$2,200,000,000 in new authorizations.

Still to come under fire were aid to Korea and China, and requests for funds to launch President Truman's "Point Four" program of technical assistance to underdeveloped areas of the world.

All are parts of the administration's \$3,372,480,000—less \$250,000,000—program of all Foreign Economic Aid during the 12 months starting July 1.

The foreign aid cut was only half of what the G.O.P. economy drive was shooting for.

Before whacking \$250,000,000 of Europe's Marshall Plan aid, the House administration passed a 152 to 137 defeat to a G.O.P.-backed drive to reduce it by \$500,000,000.

As the House continued with the foreign aid bill today, Republicans (Continued on Page 10, Col. 8)

Destitute O'Briens Invited to Area By Boiceville Man

New York, March 29 (AP)—Fortune smiled today on the destitute O'Briens, all seven of whom have been living in a 1934 jalopy since their arrival here from Los Angeles.

Within a few hours after their story became known, gifts of money and clothing and offers of jobs and apartments began to pour in on them.

William J. O'Brien, 55, a tall, thin and awning maker out of work for a year, appeared on a local disk jockey's radio show yesterday. When he left he had \$75 in cash and a suit and a sympathetic listener sent him, plus an offer of a job in a Brooklyn restaurant.

Meantime, Mrs. O'Brien and the five little O'Briens, ranging in age from one to 10, were taken in at the Women's Shelter.

One offer to O'Brien came from Kingston, N. Y., where a man said he had a small tent and awning business with living quarters attached, which he would be glad to turn over to O'Brien. Mrs. O'Brien talked to the man, who identified himself as Warren Wynn, of nearby Boiceville and arranged to see him at noon Sunday.

The O'Briens arrived in New York St. Patrick's day after a 10-day trip across the country in a jalopy. They spent their first week-end here at the Women's Shelter. Since then they have been sleeping in the car.

Suspect Killed

Fights Furious Battle With Police; Mother, Sister Watch

New York, March 29 (AP)—In a fatal getaway attempt, a holdup suspect last night fought a point-blank duel with two patrolmen.

The suspect, William Medina, 19, was killed in the furious gun battle on an upper Manhattan street.

His mother, Mrs. Sixta Moura, and his 17-year-old sister, Ada, watched in horror.

Patrolman Alexander Gernert, acting on a radioed description, had arrested Medina as a suspect in a \$40 holdup of a delicatessen, and was walking with him to a police station along 125th street.

Suddenly, Medina leaped free, pulled a gun from his hat and began firing. Gernert returned the fire.

Another patrolman, Louis Yahr, heard the shots, and joined in the battle. Altogether, 18 shots were fired, eight by Medina, who emptied his gun. Neither policeman was hit.

Later Harry Kosmin, delicatessen counterman, identified Medina as the man who had robbed him at gunpoint, police said.

About 40 Millions to Be Expended on Thruway in Area

Albany, N. Y., March 29 (AP)—The Public Works Department said today it planned to spend about \$104,500,000 on highway construction during the fiscal year starting Saturday. Approximately \$40,000,000 of this will be used to further the 500-mile State Thruway.

Also scheduled for the coming year is work on an 11-mile portion of Route 52 between Woodburne and Ellenville.

The estimated total for 1950-51 compares with an over-all expenditure of \$97,000,000 during the current fiscal year.

Of the total for the coming year, \$42,000,000 has been set aside for urban highway construction, chiefly in connection with arterial highway projects in cities. More than half of this is expected to be spent in New York City.

The \$40,000,000 earmarked for the Thruway will be repaid by the Thruway Authority when it sells its state-backed bonds.

Included in the \$40,000,000 for proposed Thruway work for the coming year is construction of a nine-mile portion southerly from a 10-mile segment now under construction between Saugerties and Catskill. Some work on the Thruway near New Rochelle also is planned.

Included in the proposed work for New York City are eight projects totalling \$9,000,000 for completion of the Van Wyck expressway from International Airport at Idletown to a traffic interchange at Kew Gardens.

Other projects in New York City and other counties include:

Reconstruction of the Bronx River Parkway from Bruckner Boulevard to the Bronx-Westchester county line, \$4,000,000; completion of the cross-Bronx expressway from the east end of the George Washington Bridge approach tunnel to High Bridge over the Harlem river, \$3,000,000; and completion of the Brooklyn-Queens expressway from the Williamsburg Bridge northward to Queens Boulevard, \$2,500,000.

The 1950-51 plans call for considerable work on Route 17, chief highway between New York City and Delaware counties.

Bids will be received here April 19 for construction of a 12-mile section of the Middletown Bypass from Goshen northwest to Fair Oaks. This project was started before the war.

Bids also will be received April 19 for reconstruction of a three-mile section of Route 17 near Parksville.

Elephant Is Destroyed

Sarasota, Fla., March 29 (AP)—Dolly, the circus elephant, was executed at dawn today. The animal was put to death with cyanide for killing five-year-old Edward Schooley who was feeding her peanuts last Sunday. Why the old woman-looking animal suddenly grabbed the child with her trunk and stepped on his head was a mystery. Funeral services were held yesterday for Edward. The remains will be cremated and sent to the Schooley home in Las Vegas, N. M. The parents, Mr. and Mrs. Elmer Schooley, had come here while Schooley studied at the Ringling School of Art, but he has dropped his course.

To Select Mothers

New York, March 29 (AP)—Fifty-nine "Mothers of the Year" will be selected by the American Mother's Committee, Miss Mary E. Hughes, national director of the group which usually confines its activities to the United States, said the awards will be announced May 12 at a breakfast in the Waldorf Astoria. She said each of the 59 mothers would be "outstanding in her own country and known for her interest in world affairs."

Treasury Receipts

Washington, March 29 (AP)—The position of the treasury March 27. Net budget receipts \$267,585,818.35. Budget expenditures \$36,393,626.49. Cash balance \$6,002,554,739.28. Customs receipts for month \$35,955,128.71. Budget receipts fiscal year July 1, \$28,115,851,221.57. Budget expenditures fiscal year \$28,245,863,678.58. Budget deficit \$1,130,002,456.91. Total debt \$255,793,862,415.47. Decrease under previous day \$48,056,187.21. Gold assets \$24,270,840,194.43.

Israeli Ship Sinks

Rome, March 29 (AP)—The Italian radio reported that the 853-ton Israeli ship *Morag* overturned and sank off the Calabrian coast today. Seven of the crew of 17 perished, the radio said; the other 10 were saved by an Italian tugboat.

Will Sign Rent Bill, Give Talk

Governor Will Affix Signature to G.O.P. Measure, Speak on Radio

Sets Up Machinery

State Administrator Is to Supervise All Functions

Albany, N. Y., March 29 (AP)—Governor Dewey will sign the Republican Administration's State Rent Control Bill late today, and then will go on the air tonight to explain it.

The measure squeezed through the legislature with the help of a single Democratic Senator's vote just before adjournment last Wednesday.

Two other rent bills—one sponsored by the Democrats and the other by a rebellious group of Westchester county legislators—also were passed by the legislature.

In tonight's broadcast over a statewide hookup of the National Broadcasting Company (7:30-7:45 p. m., E.S.T.), Dewey is expected to echo G.O.P. legislative leaders' oft-repeated contentions that the administration bill is the "lightest" rent control measure ever drawn.

James C. Hagerly, Dewey's secretary, said yesterday the governor would "analyze the three bills and inform the people of the state exactly how state rent control will affect them."

Both the Republican and Democratic bills would put the state in the residential rent control business May 1, and would supersede Federal controls on that date. The Westchester Bill would continue the state's present standby law, which would become operative only when and if all Federal control ended.

Other Bills Signed

Meanwhile, Dewey signed bills that:

1. Create an 11-member commission to recommend revision of the Civil Service laws.

2. Provide for the appointment of a director of the State Division of Cemeteries to handle administrative details of a three-member cemetery board created last year to regulate non-profit cemeteries.

3. Permit local school boards to refuse admission of five-year-old children to school, unless their fifth birthday falls on or before the December 1 following the opening of the school year.

The administration's Rent Control Bill cleared the legislature only after Democratic Senator E. J. Duland and Governor Dewey supported it. Without his vote, the bill would have been defeated because of the defection of the three Westchester county G.O.P. senators who demanded only the standby law.

Dallandro acted with the approval of Daniel P. O'Connell, head of the powerful Albany county Democratic machine. O'Connell apparently figured the Democrats would suffer in the fall elections if no rent control bill were passed during the regular legislative session.

Defeat of all rent bills would have given Dewey the opportunity to make political capital by ordering a special session to deal with the problem.

To Freeze Rentals

The Republican measure will freeze residential rents in areas outside of New York City until next March 1 at the level of 1950 levels. Rents in New York City will be frozen at the March 1, 1949, level, with a few exceptions.

The measure will cover all residential space now under Federal or New York City controls, and will permit a state rent administrator to extend controls to areas decontrolled by the Federal Government.

It will exempt from state control public housing, transient hotels, new housing completed since Feb. 1, 1947 and new housing created after next May 1 through remodeling and alterations.

Certain "minor" service increases will be permitted after July 1. After Dec. 1, increases may be authorized for landlords losing money and to relieve "gross inequalities" in cases where rents are out of line with comparable accommodations.

The Democratic measure would have frozen rents for the entire state at the March 1, 1949, level. It would have covered all rental housing space in the state, regardless of when it was built, or whether it was subject to Federal or New York City control.

Urged By Governor

Creation of the commission to study revision of the civil service laws was urged by Dewey in his annual message to the Legislature. He said present laws were a "patchwork and hodgepodge structure" that had not been revised in 40 years.

The new commission will submit a report to the Legislature by Feb. 15, 1951. It is provided \$50,000 for its work.

Dewey will appoint five of the

Safety Officer Is To Review Blast Crippling Plane

U. S. Air Force General Has Leading Role in Inquiry Into Fatalities

Ramsayville, Ont., March 29 (AP)—The U. S. Air Force's top safety officer began an investigation today into the explosion and crash of the U. S. Embassy plane in which American Ambassador Laurence A. Steinhardt and four others were killed yesterday.

Maj. Gen. Victor E. Berlandier, director of flying safety for the air force, took a leading role in the inquiry started by Canadian police and Royal Canadian Air Force officers shortly after the tragedy.

The chief witness is the sole survivor of the crash, M/Sgt. Gwynne A. Long of Vannoy, N. C., who parachuted from the flaming plane just before it blew up and plowed into a snow-covered field near here.

Suffering from shock and leg injuries, Sgt. Long told investigators last night that all aboard the plane strapped on parachutes after the right engine caught fire, but that the other passengers "got panicky and would not bail out."

Preliminary investigators tended to discount early rumors that the plane may have been sabotaged. The rumors started in view of the fact that the weather was clear and the light good.

The R.C.A.F. investigators said there was no indication of sabotage. They explained that a fire in the engine could have touched off an explosion in the plane's wing gasoline tanks.

Sgt. Long said the plane was flying at 2,000 feet when the fire broke out.

The crash occurred a few minutes

Lawton Is Picked To Handle Budget

Career Man Will Succeed Frank Pace, Jr., Who Goes to Army

Key West, Fla., March 29 (AP)—Authoritative White House sources said today that Frederick J. Lawton, 49-year-old government career officer, has been picked by President Truman as his next director of the budget.

A native of Washington and a veteran of nearly 30 years of federal service, Lawton will succeed Budget Director Frank Pace, Jr., an Arkansan, when the latter is chosen as secretary of the army.

The officials, declining the use of their names, said the two promotions are included in a list of expected administration changes, many of which will be announced in the near future.

Lawton, who has been with the budget bureau for 15 years, is now assistant director.

Other changes under consideration would shift Secretary of the Air Force Symington to the long vacant chairmanship of the National Security Resources Board and move Thomas K. Finletter into the secretaryship of the air force.

Author of Report

Finletter, former E.C.A. chief in London, was the author of the "Finletter Report" of national air policy.

The President may delay the naming of a new chairman of the Atomic Energy Commission until after his return to Washington. There will be a vacancy on the commission April 15 when Lewis

Protest Is Filed With P.S.C. About Removal of Trains

County Attorney Tries to Get Restoration at Least Until June 1 to Aid Bowlers

County Attorney Frederick H. Stang has filed with Benjamin F. Feinberg, chairman of the New York State Public Service Commission, a protest to the removal of certain trains on the West Shore Railroad and has asked the commission to direct restoration of the train service.

Particular attention is paid to trains Nos. 13, 16, 25 and 26, which were the subject of hearings before the Public Service Commission recently. These trains were removed last fall prior to the public hearings and without the commission agreeing to the discontinuance. In addition to the trains removed last fall, additional service was removed from the West Shore when the coal strike reduced fuel supplies. Stang now seeks to have the service restored at least temporarily until June 1 as an accommodation to the up-state bowlers who are attending the 17th annual tournament of the New York State Woman's Bowling League.

In his communication to Commissioner Feinberg, he calls attention to the lack of train service and points out that there will be some 1,200 to 1,500 people traveling to and from the tournament each week-end. Restoration of trains Nos. 1 and 25 between Albany and Kingston would provide visitors with an opportunity to make necessary train connections.

The letter on discontinuance of train service on the West Shore Railroad which was forwarded to Commissioner Feinberg yesterday follows:

OFFICE OF THE COUNTY ATTORNEY, COUNTY OF ULSTER, Phone 619

March 28, 1950

Hon. Benjamin F. Feinberg, Chairman, Public Service Commission, 233 Broadway, Woolworth Building, New York, N. Y.

Re: Discontinuance of services on the West Shore Division of the New York Central Railroad.

Dear Commissioner:

As you are aware, the County of Ulster through its Board of Supervisors, protested the removal of certain trains on the West Shore Railroad, mainly numbers 13, 16, 25 and 26.

A number of hearings have been held both here in Kingston and at Albany, at which time we have endeavored to show that public convenience and necessity requires the continuance of these trains. At these hearings we have pointed out among other things, that Kingston this year is the city designated for the holding of the Seventeenth Annual Tournament of the New York State Woman's Bowling League, and that between eight and ten thousand women will come to Kingston to participate. The tournament has opened and will run through to May 28th.

Safety in Atomic Attack Will Depend on Warnings

By DOUGLAS B. CORNELL

Washington, March 29 (AP)—Your chances of living through an atomic bomb attack could be a lot better than you think.

You might come through it alive and unharmed—if there are shelters and if you get a warning in time to dive into one.

The Atomic Energy Commission (A.E.C.) says this: "Safety will, in large measure, depend upon adequate warning of an attack, warning which must be assumed will come from the radar system of the national military establishment. Such warning when combined with shelters for those who must stay in threatened areas, will minimize, or even eliminate casualties."

But before you start bubbling with optimism, there is this to consider: The Defense Department is working on that radar network, plus a system of volunteer spotters to fill in the gaps. But only

a start has been made. Furthermore, nobody has done much about shelters.

And there is no use trying to hide the fact that if you are caught in an unprotected spot anywhere near an atomic explosion, your chances of surviving are just about zero. You would be killed by the blast, terrific heat, collapsing buildings, or maybe radiation.

Yet any sort of protection, even clothing, is better than none. The best spot is an airtight shelter covered by plenty of earth, steel or concrete.

Trio Named In Effort To Get Data

Acheson, McGrath and Mitchell Are Named: Orders Own Probe From Board

Calls It Shocking

Wherry Decries Ruling by Truman as Affront to Americans

Washington, March 29 (AP)—Senate officers today served subpoenas for three subcommittee members from top government officials to produce loyalty records, which President Truman has declined to turn to a Senate committee.

Joseph Burke, subcommittee counsel, served last subpoena on Benjamin B. Mitchell, chairman of the Senate Service Commission, at the capital. Mitchell had come to the capital on business.

Burke had other subpoenas for Secretary of State Acheson and Attorney General McGrath.

The subpoenas demand "penalty" that the officials produce loyalty records by next Tuesday and give them to the Senate Foreign Relations Subcommittee investigating charges of Communist infiltration of the State Department.

The penalty is possible only for contempt of the Senate, if the officials fail to heed the subpoenas.

All of them are under scrutiny from President Truman, who has issued a general order that effect in 1948. He has taken position that there are no standing precedents for such subpoenas.

The subpoenas would require the personal presence of Acheson, McGrath and Mitchell, who would file before the inquiry group next Tuesday.

Action Is Taken

The five-member committee took this action yesterday after President Truman said in a letter to Chairman Feinberg that the subpoenas "are not in the public interest."

Nowhere in his letter did Mr. Truman say that the subpoenas could not look at the files of Acheson, McGrath and Mitchell, who have taken if his charges are to be proved or disproved.

But reasons Mr. Truman gave for not opening the records are:

Hydrogen Bomb Makes Big News in Address at College

South Hadley, Mass., March 29 (AP)—Development of the hydrogen bomb has been given top priority by the Atomic Energy Commission.

Summer T. Paine, acting chairman of the commission, made the disclosure in a March 28 address at the College address last night.

Although he did not specifically mention the hydrogen bomb, Paine said:

"We are doing some work on the prospects and the possibilities of the hydrogen bomb program in order to bring the most weight to bear on the scientific weapons development work which the President has recently directed us to pursue. President Truman recently announced a had told the commission to go to work on the hydrogen bomb."

Paine said the work is being speeded up because of the atomic energy law passed last year.

Before the year ends, he said, an atomic reactor "backyard" will eventually be a power source for naval vessel propulsion.

Held in Babe's Death

Alton, O., March 29 (AP)—An attractive, 19-year-old woman was held under guard in City Hospital today, charged with drowning her baby. Police Captain John P. Struzanski said the woman, Mrs. Angelo Rose Du Fala, had admitted holding the 1-day-old infant, Thomas, face downward in his bath water yesterday. The police captain said he had not been

able to determine a motive for the act. Police said the woman's husband, Thomas A. Du Fala, rushed the child to a hospital, but efforts to revive it failed.

'Witch' Cats

In medieval times, it was believed that black cats were witches in disguise, and that killing a cat did not destroy the witch, since witches could take on the body of a cat nine times.

PLATTEKILL

Plattekill, March 28—Funeral services for Alvah D. Schoonmaker, formerly of High Falls, were held Thursday morning at the Moylan Funeral Home in Rosendale. Burial will be made later in the Coxon Cemetery at Rosendale.

Several local people were named on the executive committee of the Plattekill Civic Organization at a recent meeting. Morris Jacobowitz was named chairman. The purpose of the association is to get better town government.

The postponed meeting of the Plattekill Grange from Saturday, March 25 to Monday, March 27, included a program on agriculture in charge of Mr. and Mrs. James Leetch, Mr. and Mrs. Charles Jenkins, Mr. and Mrs. Ralph Grismer, Mr. and Mrs. Joseph Evans. The refreshment committee included Mr. and Mrs. George Martin, Mr. and Mrs. Herman Cook, Mr. and Mrs. George Edwards, Mr. and Mrs. Martin Langhitz, Mr. and Mrs. Jerry Hughes, Albert Langhitz, Mrs. Lillian Runsey, LuRoy Fowler, Jean Steffe and George Martin Sr.

Applications for membership in the organization were received at this meeting. The final card party in a series sponsored by the service and hospitality committee will be held after Easter. A round and square dance was held Wednesday night at the hall with Mr. and Mrs. George Martin in charge of general arrangements. Music was furnished by the Kentucky Moonshiners.

Mr. and Mrs. Leo Benjamin, Jr. have returned from Charleston, S. C., where they attended the funeral of the latter's father.

Charles Van Duser, Mr. and Mrs. Milton Van Duser were visitors in New York Tuesday. Those attending the all-day sewing session of the Willing Workers of the Plattekill Methodist Church at the home of Mrs.

George Sisti Sr., recently were Mrs. Albert Dimsey, Mrs. Robert Barr, Mrs. Edridge Gorow, Mrs. Gottfried Loetner, Mrs. V. Carlson, Mrs. Lynn Morris, Mrs. Lester Upjohn, Mrs. Marion Woods, Mrs. Arthur Foster, Miss Lizzie Foster and Miss Susie Foster. Mr. and Mrs. Charles Shields have returned to their home in Plattekill after spending the past winter months in Cornwall.

The Rev. and Mrs. LaVerne Dibble of Jefferson, former residents of Plattekill when the Rev. Mr. Dibble was pastor of the Plattekill and Rossville Methodist Churches, were recent guests of Mr. and Mrs. George Sisti.

A new club room will be erected by the Plattekill Spanish Club on land recently purchased from Elbridge Gorow.

Mrs. Milton Van Duser accompanied Mrs. Lillian Courtier of Plattekill to the meeting and banquet of the Ulster County Branch of the American Cancer Society in Kingston.

Mrs. Effie T. Smith of Poughkeepsie, state instructor of the Rebekah Lodge, presided at the school last Friday night at the Marlborough Lodge Hall. Mrs. Smith is the former Effie Terwilliger Ronk of Plattekill. In connection with the annual campaign for the cancer control fund to commence on April 1, a penny sale has been arranged to be held at the Plattekill school Tuesday, April 18. Mrs. Charles Franklyn, Mrs. George Sisti Sr., and Mrs. Walter Kleeman are in charge of the sale. Those on the refreshment committee will be Mrs. Grant Evans, Mrs. Marie Martinez and Mrs. Mary Greenfield.

A project meeting of the Plattekill Home Bureau was held Tuesday at the home of Mrs. George Sisti when Mrs. Margaret Hilbou, Mrs. Charlotte Ogden and Mrs. Eugene Norris continued their instructions on the huck-towel bag making. At the April meeting on Tuesday, April 4, in the school, in visit by Miss Everlee Parsons, county home demonstration agent is expected. Refreshments committee will include Mrs. John Norton, Mrs. Albina Orlovski, Mrs. Calie Perez, Mrs. Lillian Pipkin, and Mrs. Charlotte Ogden. Mrs. Mary Greenfield and Miss Amor Garcia were recently welcomed as new members in the unit.

Strike Threat Lessens

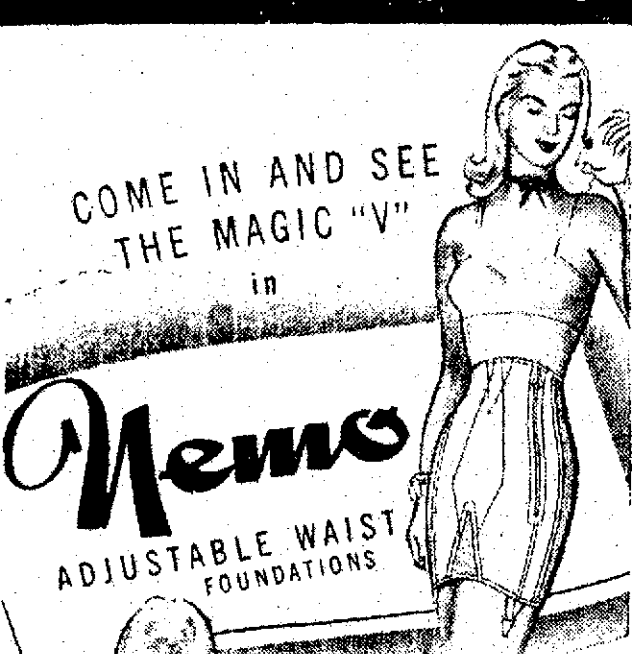

New York, March 28 (AP)—Possibility of a general strike on New York city's municipally-owned transit lines appeared lessened today after a compromise move by a city fact-finding committee. Michael J. Quill, C.I.O. Transport Workers Union president, had threatened the strike if the committee gave the board of transportation a month's delay in presenting its views on union contract demands. The committee yesterday rejected the board's request.

but compromised by giving the board an extra 10 days until April 12.

Thailand Holds Rites for Ananda

Bangkok, March 29 (AP)—With the spectacle and pomp of a medieval age, Thailand said farewell today to its tragic boy king, Ananda.

More than a half-million subjects of this color-drenched kingdom gazed in somber silence at the ill-fated monarch's funeral march.

Ananda was slain mysteriously four years ago. Multitudes waited throughout a star-filled night for a glimpse of the cremation ceremony. They wanted also to see their king, 22-year-old Phumiphon Aduldet, student-brother of Ananda.

Priests chanted all night in the temple where the golden urn containing Ananda's remains rested. Shortly after dawn the urn, covered with ornate cloth, was placed on a 40-foot high chassis for the procession to funeral pyre. Behind the chassis walked the 22-year-old King Phumiphon.

At the cremation enclosure, the urn was removed from the chassis and placed upon another. This chassis circled counter clockwise a 10-story edifice symbolizing the Olympian mount of the Buddhist belief.

A flute piped a weird strain. Slowly the golden urn, heavy with jewels, was raised by pulley to the top of the cremation edifice, shining like burnished gold against the backdrop of Bangkok's wondrous temples.

Then, slowly, the silver screens were shut and the golden curtains drawn.

King Phumiphon was to return later to light symbolically the funeral pyre. But the actual cremation will come at night, with only the royal mourners looking on.

Hiss Will Not Contest

New York, March 29 (AP)—Alger Hiss says he will not contest at this time a move by the New York City Bar Association to disbar him. Hiss is the former State Department official convicted of perjury for denying he supplied U. S. secrets to Whittaker Chambers, self-styled, ex-Communist courier for a Soviet spy ring. In a formal statement to the bar association yesterday, Hiss acknowledged that the disbarment proceedings against him are largely automatic.

Water Cooler

Fun at the sea shore and swimming pools for the coming summer is possible with a new 6-foot inflatable plastic wheel. It is made in the form of a double ring with eight circular openings in between and can be used as a float for diving and sun bathing, for rolling over the water. When deflated it folds up into a package that can be stowed in the auto trunk.

Four Gunmen Escape
Kings Point, N. Y., March 29 (AP)—Four masked gunmen forced their way into the Sidney Lipkin residence last night and escaped with \$200 in cash after tying up five persons and rifling handbags and wallets. The robbers rang the doorbell and menaced the butler with pistols. Once inside, they leveled the guns at Mrs. Lipkin and her two sons, Norman, 20, and Stanley, 8. Then they tied up the Lipkins, the butler and his wife with strips from a bedsheet. After the robbers left, the victims worked loose and called police.

Lipkin operates the Broadway Maintenance (Co) in Manhattan, which services neon and sign lighting.

Meyer Is Named
Hollywood, March 29 (AP)—Johnny Meyer, 43, Howard Hughes' party-giving publicity man, is honeymooning with Patricia Jane Lydon, former wife of actor Jimmie Lydon. They were married in Las Vegas Monday night and Johnny tried to keep it secret. He didn't have as much luck this time as he did when he married Janet Thomas. That marriage remained secret until Miss Thomas filed suit for divorce last April.

Why do thousands GO OUT OF THEIR WAY to save here?

Odd thing about saving. There are four other good savings institutions in Kingston and four commercial banks. Yet, week after week, thousands of people come downtown—out of their way, in many cases—to save here at Home-Seekers'. Why?

Well, for one thing, people like the security of saving here. We've served Kingston for 61 years now; been through five depressions; never stopped paying dividends. For another, people enjoy dealing with a fine old institution such as ours... with its old-fashioned insistence on standards of service and courtesy.

Why not join the thousands who find saving here a satisfying experience? You can start with \$1 or more; save or withdraw any time you like; receive dividends twice yearly. Your account will be most cordially welcomed.

GARDINER

Gardiner, March 28.—Reformed Church news: The communion service will be held Sunday at 11 a. m. The Ladies' Aid Society will hold an all-day meeting at the church hall Wednesday, April 5 starting at 10 a. m. This will be a sewing bee to sew rags for the annual fair. Each member attending is asked to bring lunch. Coffee will be served by the society.

Miss Grace Boland of Thellie spent the week-end with her sister and brother-in-law, Mr. and Mrs. Lewis Denton.

Mr. and Mrs. Ivan Tetlow and son, Ivan of Baryville were guests Friday of Mrs. Tetlow's parents, Mr. and Mrs. L. M. Jayne.

Miss Janet Denton, Mrs. Donald Decker and Mrs. John Wagner were hostesses to a bridal shower in honor of Miss Virginia Clinton at Miss Denton's home Saturday night. The house was decorated with yellow and white

crepe paper and white bells. About 45 friends and relatives attended. Miss Clinton will become the bride of Nicholas Vegliando of Walkill on April 16.

Mr. and Mrs. Douglas Anstey and son, Bruce of Walden, spent Saturday with Mrs. Anstey's sister and brother-in-law, Mr. and Mrs. Frank Boland.

Miss Ann Murphy, student nurse at St. Francis Hospital in Poughkeepsie, spent the week-end with her parents, Mr. and Mrs. Thomas Murphy.

Miss Helen Moran of Thellie spent the week-end at her home here.

Mrs. Mary E. Clinton has issued invitations to the wedding of her daughter, Virginia Ann to Nicholas P. Vegliando, son of Mr. and Mrs. Teodora Vegliando of Walkill.

Mr. and Mrs. David B. Wiese of Poughkeepsie have announced the birth of a son born March 26.

Petition Is Dismissed
Washington, March 29 (AP)—The National Labor Relations Board today dismissed a petition by an AFL union that sought to represent employees of nine Schaffer

food markets in Dutchess county. Schaffer Stores, Co., Inc., which operates 41 markets in eastern New York, contended the union should include employees in all its stores. Local 489, Amalgamated Meat Cutters and Butcher Work-

men, said it was limited by its parent organization to organizing workers in Dutchess county. The NLRB ruled that a unit limited to Dutchess county would be inappropriate for the purposes of collective bargaining.

Summer Theatre Planned
New York, March 29 (AP)—Playwright Richard Harp, author of the dramatic "Hope Is the Thing With Feathers" which was presented on Broadway last season, said the buildings and extensive acreage on the Albany Post

will be remodeled soon into a summer theatre. Harp, author of the dramatic "Hope Is the Thing With Feathers" which was presented on Broadway last season, said the buildings and extensive acreage on the Albany Post

Road (Route 9) were purchased from Elmer Van Wagner of Hyde Park. The latter had acquired the farm when the Vanderbilt mansion and landscaped gardens overlooking the Hudson became a National Park in 1941.

Idea Is Presented
Covina, Calif., March 29 (AP)—Kornit Wilson wants to change an old White House tradition. He said he has sent this telegram to Senator Knowland (R-Calif.): "Re-

spectfully request you intercede with President and suggest rolling oranges on White House lawn this Easter instead of eggs. This would be in line with government's recommended crop rota-

tion principles and obviously a fair deal for all. Also, it will help take spotlight off administration's embarrassing egg surplus. *** Wilson is the owner of a 40-acre citrus grove.

Regime Is Supported
Belgrade, Yugoslavia, March 29 (AP)—The Independent Communist regime of Premier Marshall Tito was supported in its fight against the Russian-led Communists by 93.2 per cent of the Yugoslav vol-

ers in Sunday's general election, it was officially announced today. The official Yugoslav news agency Tanjug reported that 9,023,113 of the 9,746,000 who voted supported the unopposed people's front ticket.

Do You Remember

by
SOPHIE MILLER

Who remembers when President Chester A. Arthur (1830-1886), who became 21st President of the United States after the assassination of Garfield, visited Kingston? His visit is written up in Raphael Cohen's scrap book. Month given as August 9, and I take it from other newspaper clippings it was 1884. It reads in part: "At 10 o'clock Mayor Bray and other city officials left the city hall in carriages and proceeded to the residence of Gen. Sharpe. (Now the Governor Clinton Annex building.) Arriving at the residence of Gen. Sharpe, the company was ushered into the large parlor, where each was introduced to the President by Mayor Bray. The President was very social, and greeted each one of the company with a pleasant smile and a warm grasp of the hand. After shaking hands with Colonel Flynn, the jolly and portly Alderman from the Fifth Ward, the president smilingly remarked my countrymen seem to predominate in your council in weight as well as in numbers.

"After a few moments pleasantly spent at the residence the company started for the junction. The President and Mayor Bray in one carriage taking the lead followed by the city officials in other carriages. Both sides of Union avenue (now Broadway) and Albany avenues were lined with citizens anxious to get a parting glance of the President. At the depot an immense crowd had also gathered. The S. D. Burger Gun Squad were stationed there and gave the President a parting salute. So amid the roaring of cannon and the cheers of his many friends, President Arthur left the city for the bracing air of the Catskills."

A Freeman reporter went along with the presidential party and noontime sent from the Hotel Kaaterskill the following report: "The special train furnished by the Ulster & Delaware and Stony Clove Railroad companies having on board President Arthur and party started from the Junction at 10:51 o'clock. In the party were President Arthur, General Sharpe, Miss Nellie Arthur, Miss Jesse McElroy and S. D. Coykendall. Superintendent J. H. Jones took charge of the train. The train ran with great speed, reaching Shokan in 23 minutes. After a short delay because of another train, the run was finished to Phoenicia, the running time being 34 minutes, the best ever made. At Phoenicia cars were changed

for the Stony Clove. Superintendent George Coykendall here took charge, and a lively run was made, both on this road and on the Kaaterskill road, running in on 35 minutes. All along the route people turned out to see the President, and there were many decorations. There was a large crowd at Phoenicia awaiting the train. The weather was fine until the party reached Phoenicia, when a heavy rain storm came up. It soon cleared away, and the trip was indeed a most delightful one.

At Chichesterville a salute was fired and three times three cheers given for the President by a large crowd. The President enjoyed the scenery, especially in the Stony Clove, where the mountains rise on both sides of the track over 1,700 feet high. He said the sight was magnificent. The President's party reached the Kaaterskill Hotel at 12:40 o'clock. He received quite an ovation from the guests. He said he enjoyed the scenery although a heavy fog hung over the mountains."

The reporters of the New York papers were having a time covering President Arthur's trip. It seems the Sunday papers were

printed on Saturday afternoon or evening. A number of dispatches were sent down to New York, but none of them appeared in the New York press, for it seems the papers had gone to press before the dispatches arrived from the reporters going through the Catskill mountains with the President and his staff.

Retain Moisture

A tree has a greater volume of water in winter than in summer, since much of the ability to lose moisture is gone after the leaves fall off.

The most powerful gasoline your car can use!

Activation makes
the difference

Shell scientists using the finest available crude, activate the molecules by splitting and rearranging them according to Shell's formula for a perfectly balanced gasoline. The result—Shell Premium, the most powerful gasoline your car can use.

Yes, many of today's engines have been stepped-up... they call for more powerful gasoline! Now Shell gives you the most powerful gasoline your car can use—Shell Premium—it's "activated."

Actually, Shell splits molecules to get more power for today's more powerful engines. So you get a gasoline that's "activated"!

No wonder Shell is winning more new customers every day. Get a tankful of "activated" Shell Premium today. Your Shell Dealer is the man to see.

Complaint Cites Couple

Santa Monica, Calif., March 29 (AP)—The city prosecutor's office has issued a complaint charging actress Lynn Merrick and her husband, Robert (Goetz) Jr., with assault and battery and malicious mischief. They are accused of "kicking, choking and punching" photographer Donald Sandusky of the Los Angeles Examiner last Saturday. Sandusky photographed the two as they were leaving Santa Monica Hospital. Police said Miss Merrick was taken to the hospital to be treated for an overdose of sleeping medicine.

SPRING WASHOUT IN SYRACUSE

Heavy rains and melting snow conspired, March 28, to flood Onondaga creek on the outskirts of Syracuse, N. Y. The creek's waters gushed into hundreds of cellars and washed out this bridge which carried one of the city's main streets across the stream. The cascading water also broke a water main and a gas line. Other flooding streams caused similar damage in central and western New York. (A.P. Wirephoto).

Streams Cover
Many Low Areas

Syracuse, N. Y., March 29 (AP)—Swollen streams inundated many low-lying sections of upstate New York today, but cooler temperatures were expected to check the spring floods.

Some families were forced to leave their homes. At least 14 highways were closed when melting snow and rain sent creeks on a rampage yesterday.

At Oneida, the water rose to 27 inches in some streets of the city's east end before it started receding early today.

At Woodport, in Cayuga county, the two principal streets were flooded and the parish house of St. Joseph's Church was used as an emergency shelter for an unestimated number of families forced from their homes.

The Susquehanna river flooded a low section on the southern edge of Oneida. One family was evacuated from an island.

Two families were driven from their home at Geneva, where Marsh creek overflowed. The water put out furnace fires in about 100 homes.

At Ithaca, a water covering Tompkins county fairgrounds was eight inches deep. Some city streets were flooded.

A large portion of the Onondaga Indian Reservation south of Syracuse was flooded. Onondaga Creek was out of its banks in Syracuse.

The weather bureau at Albany said the high waters of the Hudson and Mohawk rivers were "nothing to be alarmed about."

Temperatures were expected to drop below freezing tonight in most upstate areas, thus checking the runoff of melting snow.

Brickbat for O'Dwyer

London, March 29 (AP)—Sir Basil Brooke, prime minister of Northern Ireland, hurled a verbal brickbat right back at New York's Mayor William O'Dwyer today.

"During the war we entertained 300,000 American troops in Northern Ireland," Sir Basil said, "and they were made to feel at home. We never inquired whether they were Democrats or Republicans."

The Ulster Prime Minister made his comment at a news conference in reply to a question or statement by O'Dwyer that if Sir Basil were to be welcomed at New York's city hall "it will be because I am dead." O'Dwyer strongly opposed the partition of Ireland.

Early Settlers

As far back as the sixth millennium B. C., a settlement of hunters and fishermen existed in the eastern part of central Sweden. First traces of a peasant culture appeared about 3000 B. C.

Today's Business Mirror

By SAM DAWSON

New York, March 29 (AP)—Second-half guessing is the order of the day in the financial and business world. The question: What's ahead in sales and earnings in the last months of 1950? The prize: Profits for those who guess right on inventories and production schedules.

Each day more businessmen take sides one way or the other. The head-shakers—and they are many—say business activity is bound to slow down this fall, and that even if sales are maintained somehow, profits are certain to contract, nearer the break-even point. Competition and rising production costs will see to that.

The optimists say that the prosperity frontier has been pushed well into the third quarter and perhaps clear to the year's end. They note that four or five months ago it was popular to set this frontier somewhere in early summer—"good times in the first half; a slowdown in the second."

But since then, important sectors of industry have changed their minds. Their order backlogs indicate high production levels for months ahead. One reason is that the timetable for the turn in business activity was upset by strikes.

Steel is an example. Production cutbacks last October when the mills were struck, and again this February when the coal strike cooled many steel furnaces, stored up a big demand for steel.

The mills are operating today at the highest rate in a year or more. Their backlog of orders, steelmen say, will keep them going far beyond the June turning-point they had predicted a few months ago.

Orders Ahead of Sales

Taking manufacturing as a whole, the Commerce Department today notes much the same thing. Orders ran ahead of sales in both January and February. That means the factories will be busy for awhile catching up.

Soft-goods makers aren't as happy as manufacturers of durables. Clothing in particular, has been moving slowly so far this year. One maker of men's suits—Meyer Kestbaum, president of Hart, Schaffner & Marx—tells stockholders that sales and profits in the industry as a whole are running behind last year's volume.

But he thinks the second half will find this reversed, and sales and profits will be as good as, if not better than, the last six months of 1949.

Another clothing manufacturer—Jerome J. Udell, president of Max Udell Sons & Co.—thinks the industry, from retailer to woolen mill, has inventories pared down

so tight that the only way production can go up is by raising prices, too. He sees wholesale prices on men's suits up by 40 to 75 cents this fall.

Doing More Than Share

The auto and building industries have been doing more than their share in keeping the country prosperous in the last few months. And all the soothsayers are keeping a close watch on them. Most auto industry spokesmen say sales were never better.

Production in most plants is at a record rate. And summer should be good for dealers and makers alike. But how about fall? Some admit there may be some slackening in output then.

The building industry, riding a crest of record home construction, thinks the year will be fine. But business plant expansion is definitely on the way down. And how long the home-building boom will last is an open question. Sure, lots of people want more and better homes. But how many more are there who can find the down payments and keep up the mortgages?

Another Danger Seen

And some see another danger there. Payments on the durable goods that people have been contracting for at such a rate—autos and television sets, refrigerators and washers, as well as homes—will cut deeply into the incomes of many in the months ahead, and make less cash available for spending at the store.

So those who see good times extending through the rest of the year, and those who see a slowdown only a few months off, are about evenly divided.

And for that the economist of the world's largest department store has a word. Q. Forrest Walker, economist of Macy's, calls it "economic astrology."

He tells the Newark, N. J., unit of the Controllers Institute of America: "Astrologers would be oracles and seers still dabble in business prophecy."

But he warns you, if you want to be any good at it, you'd better have "adequate knowledge of facts, long experience and seasoned judgment."

Revival Plans Prepared

Hartford, Conn., March 29 (AP)—Rival plans for reorganizing the state government—one labeled "Democratic" and the other "Republican"—will be competing in the General Assembly before its current special session comes to a close. Notice that Republicans, in control of the House, plans to draft their own reorganization plan has been served by House Majority Leader George C. Conway (R-Guilford).

Accidents Show
Increase in State

Albany, N. Y., March 29 (AP)—Motor Vehicle accidents claimed 1,947 lives in New York state last year—99 more than in 1948.

However, the State Motor Vehicle Bureau said today the death rate of 6.4 per 100,000 miles of vehicle travel was the lowest in the bureau's 25-year history. The previous low was 6.5 in 1948. The 1949 national rate was 7.4.

The 1947 deaths compared with 1,848 in 1948, lowest on record, except for the war years when highway travel was at a minimum. The record high of 3,101 was set in 1931.

Injuries from motor vehicle accidents in 1949 totaled 123,456, compared with 114,572 in 1948.

More Than In War

New York, March 29 (AP)—Automobiles have killed more Americans than all the U. S. wars from the Revolution through World War 2.

The industrial accident toll is almost as great.

The menace were stressed yesterday at New York's 20th Annual Safety Exposition.

John Cruickshank, chief engineer of the United States Guarantee Company, gave these figures: 927,260 persons killed by autos from 1907, when the toll was only 666, through last year when there were 31,500 fatalities.

He predicted the 1,000,000 mark would be reached within the next year or two.

In the past four decades, Cruickshank added, industrial accidents killed 796,500 American workers. Last year's toll was 16,500.

The dead of all this country's war total 852,000, he said.

Appeals Are Rejected

White Plains, N. Y., March 29 (AP)—Appeals of two American Labor Party leaders from convictions of disorderly conduct growing out of a Henry A. Wallace presidential campaign street rally have been thrown out of court.

Westchester County Judge Elbert T. Gallagher dismissed appeals in the two cases yesterday, but sent four other cases, in which the defendants were convicted of similar charges, back to White Plains City Court for retrial. Convictions were those of Pasquale Barile, Westchester county, A.L.P. chairman, and Herman Liveright, a county committee, each of whom was fined \$10 following a street rally October 21, 1948.

Motion Picture Showing
Scheduled at Nash Plant

A motion picture, "Fishing in Alaska," will be shown without charge at the showrooms of Harco Motors Inc., 79 North Front street, Thursday, Friday and Saturday nights at 8 p. m. It was announced today by Ernest J. DuBois, president of the company.

The picture will be shown in conjunction with the display of the new Nash Airflyte "Sportsman's Dream Car." There will also be a display of fishing equipment from Potter Brothers sporting store. The film has been shown in this area for several hunting and fishing clubs.

Two Indians Saved

Syracuse, N. Y., March 29 (AP)—Two Indian youth were saved from the backwaters of Onondaga dam as melted snow and rain sent upstate waterways on spring rampages. The Indians had climbed a tree when a bath tub in which they were floating sank. The plug came loose.

London, March 29 (AP)—Sir Basil Brooke, prime minister of Northern Ireland, lashed a verbal brickbat right back at New York's Mayor William O'Dwyer today.

"During the war we entertained 300,000 American troops in Northern Ireland," Sir Basil said, "and they were made to feel at home. We never inquired whether they were Democrats or Republicans. The Ulster Prime Minister made his comment at a news conference in reply to a question on a statement by O'Dwyer that if Sir Basil were to be welcomed at New York's city hall 'it will be because I am dead.' O'Dwyer strongly opposed the partition of Ireland."

Early Settlers

As far back as the sixth millennium B. C., a settlement of hunters and fishermen existed in the eastern part of central Sweden. First traces of a peasant culture appeared about 3000 B. C.

Today's Business Mirror

By SAM DAWSON

New York, March 29 (AP)—Second-half guessing is the order of the day in the financial and business world. The question: What's ahead in sales and earnings in the last months of 1950? The prize: Profits for those who guess right on inventories and production schedules.

Each day more businessmen take sides one way or the other. The head-shakers—and they are many—say business activity is bound to slow down this fall, and that even if sales are maintained somehow, profits are certain to contract nearer the break-even point. Competition and rising production costs will see to that.

The optimists say that the prosperity frontier has been pushed well into the third quarter and perhaps clear to the year's end. They note that four or five months ago it was popular to set this frontier somewhere in early summer—"good times in the first half; a slowdown in the second."

But since then, important sectors of industry have changed their minds. Their order backlog indicates high production levels for months ahead. One reason is that the timetable for the turn in business activity was upset by strikes.

Steel is an example. Production cutbacks last October when the mills were struck, and again this February when the coal strike cooled many steel furnaces, stored up a big demand for steel.

The mills are operating today at the highest rate in a year or more. Their backlog of orders, steelmen say, will keep them going far beyond the June turning-point they had predicted a few months ago.

Orders Ahead of Sales

Taking manufacturing as a whole, the Commerce Department today notes much the same thing. Orders run ahead of sales in both January and February. That means the factories will be busy for awhile catching up.

Soft-goods makers aren't as happy as manufacturers of durables. Clothing, in particular, has been moving slowly so far this year. One maker of men's suits—Meyer Kestnbaum, president of Hart, Schaffner & Marx—tells stockholders that sales and profits in the industry as a whole are running behind last year's volume.

But he thinks the second half will find this reversed, and sales and profits will be as good as, if not better than, the last six months of 1949.

Another clothing manufacturer—Jerome I. Udell, president of Max Udell Sons & Co.—thinks the industry, from retailer to woolen mill, has inventories pared down

so tight that the only way production can go up. That goes for prices, too. He sees wholesale prices on men's suits up by 40 to 75 cents this fall.

Doing More Than Shave

The auto and building industries have been doing more than their share in keeping the country prosperous in the last few months. And all the soothsayers are keeping a close watch on them. Most auto industry spokesmen say sales were never better. Production in most plants is at a record rate. And summer should be good for dealers and makers alike. But how about fall? Some admit there may be some slackening in output then.

The building industry, riding a crest of record home construction, thinks the year will be fine. But business plant expansion is definitely on the way down. And how long the home-building boom will last is an open question. Several lots of people want more and better homes. But how many more are there who can find the down payments and keep up the mortgages?

Another Danger Seen

And some see another danger there. Payments on the durable goods that people have been contracting for at such a rate—autos and television sets, refrigerators and washers, as well as homes—will cut deeply into the incomes of many in the months ahead, and make less cash available for spending at the store.

So those who see good times extending through the rest of the year, and those who see a slowdown only a few months off, are about evenly divided.

And for that the economist of the world's largest department store has a word. Q. Forrest Walker, economist of Macy's, calls it "economic astrology." He tells the Newark, N. J., unit of the Controllers Institute of America: "Astrologers, would-be oracles and seers still dabble in business prophecy."

But he warns you, if you want to be any good at it, you'd better have "adequate knowledge of facts, long experience and seasoned judgment."

Revival Plans Prepared

Hartford, Conn., March 29 (AP)—Rival plans for reorganizing the state government—one labeled "Democratic" and the other "Republican"—will be competing in the General Assembly before its current special session comes to a close. Notice that Republicans, in control of the House, plans to draft their own reorganization plan has been served by House Majority Leader George C. Conway (R-Guilford).

Accidents Show
Increase in State

Albany, N. Y., March 29 (AP)—Motor Vehicle accidents claimed 1,947 lives in New York state last year—99 more than in 1948.

However, the State Motor Vehicle Bureau said today the death rate of 6.4 per 100,000,000 miles of vehicle travel was the lowest in the bureau's 25-year history. The previous low was 6.5 in 1948. The 1949 national rate was 7.4.

The 1,947 deaths compared with 1,848 in 1948, lowest on record, except for the war years when highway travel was at a minimum. The record high of 3,101 was set in 1931.

Injuries from motor vehicle accidents in 1949 totaled 123,456, compared with 114,572 in 1948.

More Than In War

New York, March 29 (AP)—Automobiles have killed more Americans than all the U. S. wars from the Revolution through World War 2.

The industrial accident toll is almost as great.

The menaces were stressed yesterday at New York's 20th Annual Safety Exposition.

John Cruikshank, chief engineer of the United States Guarantee Company, gave these figures: 927,260 persons killed by autos from 1907, when the toll was only 666, through last year when there were 31,500 fatalities.

He predicted the 1,000,000 mark would be reached within the next year or two.

In the past four decades, Cruikshank added, industrial accidents killed 796,500 American workers. Last year's toll was 18,500.

The dead of all this country's war total 832,000, he said.

Appeals Are Rejected

White Plains, N. Y., March 29 (AP)—Appeals of two American Labor Party leaders from convictions of disorderly conduct growing out of a Henry A. Wallace presidential campaign street rally have been thrown out of court. Westchester County Judge Albert T. Gallagher dismissed appeals in the two cases yesterday, but sent four other cases, in which the defendants were convicted of similar charges, back to White Plains City Court for retrial. Convictions were those of Pasquale Barile, Westchester county A.L.P. chairman, and Herman Liveright, a county committee, each of whom was fined \$10 following a street rally October 21, 1948.

ONE MAN'S "FLYING SAUCER"—The sketch above shows how a "flying saucer" might actually look, according to Alex Tremulis of Chicago, industrial designer. Inset is Tremulis' interpretation of the two-foot-high disc pilots reported in one recent saucer story. Tremulis believes the strange craft, reported by hundreds of witnesses, may come from another planet. "I could build a scale model of this that would fly," he said.

Below Zero Marks Make West Shiver

(By The Associated Press) The Midwest, raked by strong winds, snow and rainstorms this week, shivered in freezing and below zero weather today.

A fresh batch of cold air from the Hudson Bay country pushed into the Dakotas and Minnesota and spread over the North Central region. Temperatures dropped to below zero in the Red river valley of the north and portions of North Dakota. The below zero readings in North Dakota were the first in 10 days. The cold air extended over the entire Midwest and headed for the Middle and North Atlantic regions. The chilly weather was felt in parts of the lower Ohio valley and in sections of Kansas and Missouri. The freezing temperatures in the Midwest were expected to persist for at least another 24 hours.

The mercury also was expected to drop over most of the northeastern part of the country tonight but the cold air moderated as it moved southeastward. Clear and cool weather was reported throughout the Rockies and the Pacific Northwest. Seas were sunny and the weather was warm in the southwest. Skies were mostly clear over most of the country and winds had diminished as the storm moved far into Canada. Some light snow fell in the Great Lakes region. There were showers in some parts of the South Atlantic states.

Funeral services for Mrs. Susan K. Pless of 45 Downs street were held at the Jensen & Deegan Funeral Home, Tuesday afternoon at 1:30 p. m. by the Rev. Merrill C. Johnson of St. James Methodist Church. Her many friends attended including a delegation from the Highland Public School where she taught up until her retirement a few years ago. The many beautiful flowers surrounding the casket testified to the high esteem in which she was held. Burial took place in Roxbury Cemetery, where a number of her Roxbury friends joined the family and friends while the Rev. Mr. Johnson conducted committal services.

The funeral of Albert P. Hawkins was held Tuesday at 9:30 a. m. from the James M. Murphy Funeral Home, and at 10 o'clock in St. Mary's Church where a solemn Mass of requiem was offered by the Right Rev. Monsignor Martin Drury, F. R. C. The Rev. John A. Flaherty, a deacon, and the Rev. Edward J. Farrelly, sub-deacon, Responses to the Mass were by the children's choir under the direction of Theodore Ricebone, organist. Many relatives and friends assisted at the requiem. During the time the remains rested in the funeral home many calls to offer sympathy and condolence to the bereaved family. Monsignor Drury and Father Farrelly visited the home and said the prayers for the dead. Monday evening Father Flaherty called and assisted by those present recited the Requiem. There was a profusion of flowers and scores of Mass cards. Burial was in St. Mary's Cemetery, where final absolution and blessing were given by Monsignor Drury, Father Farrelly assisting.

William H. Schroeder, retired employe of the West Shore Railroad, died early this morning following a short illness. Surviving are two daughters, Mrs. Herman C. Knop and Miss Marie Schroeder; a sister, Mrs. William F. Budenheger; four grandchildren and all of his great-grandchildren. His wife died three weeks ago. Mr. Schroeder was a freight handler at the West Shore station in Kingston for more than 20 years. He retired in 1938. He belonged to Local 898, Brotherhood of Railway and Steamship Clerks. At the age of two, Mr. Schroeder came from Germany with his parents and resided in Kingston more than 70 years. He was a member of the congregation of Immanuel Evangelical Lutheran Church all his life. He had many friends who held him in high esteem. Funeral from the Jensen & Deegan Funeral Home, 15 Downs street, Saturday at 2 p. m. Burial in Monteposo Cemetery. Friends may call at the chapel at any time.

West Shokan, March 29—Funeral services for George D. Shimer who died on his 85th birthday at his home, were held from the West Shokan Baptist Church at 2 p. m. March 22. Services were conducted by the Rev. Walter J. Shimer, pastor of the church. The casket was borne by a band of local florists, adding dignified and silent tribute to the esteem and affection in which Mr. Shimer was held. A nephew from New Jersey presided as musician and soloist. Mr. Shimer was a faithful member of the Baptist Church in which he and his wife, Bertha, were married by the Rev. Mr. Bailey, then pastor, at the close of the Sunday morning services on May 25, 1941. During the intervening years to the time of his retirement two years ago, the couple conducted a summer tourist camp in Budd Lake, N. J. Mr. Shimer was a member of Washington Camp No. 181, P.O.S. of A., at Bangor, Pa. Born on a farm in New Jersey, Mr. Shimer was an accomplished musician, playing both piano and organ and formerly was the Sunday school organist. Mr. Shimer was twice married. His first wife, Bertha, died in 1914. He has two daughters, Mrs. George B. Plush of Bangor, Pa., and Mrs. Sarah McCleod of Easton, Pa., survive. Also live grandchildren, two great grandchildren, a sister, Grace L. Shimer, a nephew, Howard Shimer of Susquehanna, Pa., J. J. the step daughters, Mrs. Margaret Maier, Mrs. Francis W. Maier of West Shokan and Mrs. Oliver Twedy of Hurley; also a step-grandson, Robert M. Thompson of Passaic, N. J., and nine step-grandchildren. The committal at the cemetery was by the Rev. Mr. White and the Rev. Mr. Bailey, both of whom were present. Burial was in the Shimer family plot.

Spain Buys Potatoes Presque Isle, Me., March 29 (AP)—The Spanish government has bought 5,000 tons more of Maine's surplus potatoes, the Federal Production and Marketing Administration said today. This brings the total purchase from the U. S. Agriculture Department—which supports the price—to 55,000 tons. The U. S. government sells them for one cent a bushel for export. There are about 185,000 bushels in 5,000 tons. Maine raised 64,000, 000 bushels of spuds last season. About 20,000,000 bushels were surplus. About 3,000,000 bushels have been shipped abroad.

Earth Tremors Reported Bridgeport, Conn., March 29 (AP)—Earth tremors were reported today in Fairfield county, the southwestern section of Connecticut, adjoining New York's Westchester county. Residents of Bridgeport, Norwalk and Stamford excitedly called newspapers and police stations. The tremors, lasting a few seconds, occurred about 9:45 a. m. (EST). There were no reports of damage, but some householders said doors were jarred open.

Republicans Sweep Catskill Election

Catskill village Republican candidates swept the election Tuesday when 1855 voters cast their ballot for village officers. The total vote cast was 31 more than last year.

Dr. Harold Gardner and Lewis Casagratia were elected trustees; Harold F. Adams, assessor; Edmund M. Rogers, collector; and Ruby Von Gerichten, treasurer. All candidates were elected over their opponents by from 100 to 300 votes. Alex Willse, Jr., was unopposed for police justice.

\$10,000 Verdict Awarded Woman For Mate's Death

Mrs. Florence Agnes Cooke, administratrix of the estate of her husband, Arthur Cooke, was awarded \$10,000 Tuesday afternoon in Supreme Court in a negligence action brought against William D. Thornton, operator of the car which struck and fatally injured Cooke at the Blue Mountain Lodge on January 25, 1949. The jury returned its verdict at 4:30 o'clock.

Cooke was crushed against the inn by the Thornton car at the parking area. James H. Hyer and Francis Marlowe, with William Wortheimer appeared for plaintiff and Oliver H. King with Judge Andrew J. Cook of Cook & Cook appeared for the defendant.

A negligence action brought by James C. Trone and another against John J. Bardin and another was also tried Tuesday. The case arose out of a car collision at a Newburgh street intersection. The jury found no cause for the plaintiff and under a counter claim the defendant, Bardin, was awarded \$420.77 for property damage. Rusk & Rusk appeared for plaintiffs and Cashin & Ewig for defendants.

Protest Is Filed

1950. It is estimated that some twelve to fifteen hundred people will travel to and from Kingston each week-end.

The meeting has only been in operation two week-ends, and it is quite evident that the transportation problem is very serious. Services were curtailed last fall, when the trains, which are the subject matter of these hearings, were discontinued or partly discontinued. Then came the coal strike and many more trains were removed, which of course was understandable, but the strike is over, and the trains have not been restored. A great many of the bowlers live in upstate, central and western New York and require adequate railroad transportation from Kingston in order to make connections with trains for the west, which they are unable to do at the present time.

Trains Numbered 1 and 25 were restored. It would give the visitors to Kingston an opportunity to make these connections. I respectfully ask your Honorable Commission on behalf of all the people concerned, to request the New York Central Railroad to restore, at least, until the last of June, these trains and trains to accommodate this large number of people coming to and leaving Kingston.

I am inclosing herewith a copy of the bowling program containing the dates on which the various teams bowl and their home communities, so you can see that this bowling tournament is truly a state-wide position for which you may be able to do, which I know will be greatly appreciated by all the women bowlers participating in this tournament, as will their hosts, the City of Kingston. I am with kind personal regards, Respectfully yours, **FREDERICK H. STANG**

Landlady Appeals To Sutton, Asks He Give Up Self

New York, March 29 (AP)—A landlady in distress wants her former roomer to come home to get her out of trouble.

But it isn't likely he will come. He is Willie (The Actor) Sutton, widely-sought escaped convict and bank robber.

Miss Mary Corbett, 38, in whose Staten Island home Sutton roomed prior to the \$64,000 holdup of a Queens bank March 9, is being held in \$50,000 bail as a material witness.

In her cell, she penned a letter to Sutton, the chief suspect in the robbery. The letter, released by her attorney yesterday, said in part:

"You know the mess that I have innocently got into and have no way of getting out of. I am here in the women's prison x x x I haven't slept and I am a nervous wreck. If I am not taken out of it in some way, it will mean my death."

"Please come here or get in touch with me as to where you are. That's the only way you can help me get out of the fix that I am in now and all because of you."

Sutton is wanted also for his 1947 escape from the Eastern State Penitentiary in Pennsylvania.

Eisenhower Asks Check by Colleges

Rye, N. Y., March 29 (AP)—Gen. Dwight D. Eisenhower wants the colleges to undertake a study of why so many American men were rejected for military service in World War 2 because of mental defects.

There were 2,000,000 of them, the Columbia University president told an alumni meeting last night. He urged that colleges seek information on the causes, and help eliminate them.

No other nation involved in the war, he said, had a percentage one-fourth as large as this nation's.

"We need to get down to the bottom of our moral and environmental training and find out what the trouble is," he said.

General Eisenhower addressed 350 members and guests of the Columbia University Alumni Association at Westchester County.

He urged that colleges undertake a study of war, its causes and effects.

Switching to the subject of citizenship, he said people should learn the proper dividing line between their government and their own initiative.

"We must outline the limits beyond which government must not go," he declared.

"Where," he asked, "does government responsibility for directing and controlling us end and ours as individuals begin? Where do I begin to do things for myself as a member of my community, and not surrender to a higher authority?"

Snyder Will Speak To Air Reservists

Lieutenant William Reardon and his committee have completed final arrangements for the banquet marking the first anniversary of the 926th Volunteer Air Reserve Training Squadron of Kingston. The 926th was organized under the coalition of the 1st Air Force of the United States upon the cessation of Reserve Training at Stewart Field in 1949. Its membership is composed largely of local men who served in the Air Force during World War 2. Several members of the Regular Air Force and prominent local citizens will help the squadron mark its first anniversary.

Principal speaker at the anniversary to be held Thursday night at The Barn will be Frederick Snyder, noted lecturer, traveler and news analyst.

Representing the Regular Air Force establishment will be Col. Frederick P. Knoll, assistant for Reserve Forces of the First Air Force; Lt. Colonel Haddock P. K. Forster, commanding officer at Stewart Air United States; Captain Leo J. Keating, Wing Liaison Officer of Albany. Local guests will include Mayor Oscar V. Newkirk and Morgan D. Ryan, commander of Kingston Legion Post No. 150. The master of ceremonies will be Major Theodore R. Lee, commanding officer of the local reserve squadron.

Will Sign . . .

commission members, one of whom must be nominated by the State Civil Service Commission. Three senators and three assemblymen will complete the membership.

The new director of the State Division of Cemeteries will be appointed by the Cemetery Board for a six-year term. The board was created to combat what Attorney General Nathaniel L. Goldstein called "proteering in sorrow" by certain non-profit cemeteries.

The director's salary will be set by the board, which is made up of the attorney general, the secretary of state and the state health commissioner.

The school age bill was recommended by the State Education Department and was introduced by Senator Henry Griffith, Poughkeepsie Republican.

School boards previously were required to admit children, whenever they reached five, if their parents requested it.

The watchword of Camp Fire Girls, Inc., is "We hold, from the first two letters of the words work, health, love."

Financial and Commercial

New York, March 29 (AP)—The constant pounding of profit-taking sales slowly forced the stock market lower today.

Losses were less than a point in most cases but they were widely distributed. Minus signs appeared with more and more frequency as trading progressed.

Among the losers were some of yesterday's highly popular radio-television stocks.

Heavy turnover accompanied the retreat. Some brokers were pleased by the ability of the market to absorb large blocks of stocks with only minor declines.

Radio Corp. was one of the most active issues, changing hands at net gains ranging from 1/4 to 1/2 of a point. The stock made its first appearance on the ticker tape when a block of 40,000 shares sold at 18 1/4, up 1/4.

Zenith Radio, which raced up nearly four points yesterday, lost around two points. Lower prices were also noted for Emerson Radio, Philco, and Motorola. Admiral Corp. did a little better.

In the minus column were U. S. Steel, Bethlehem Steel, Chrysler, J. I. Case, Douglas Aircraft, Allied Chemical, Eastman Kodak, International Paper, Nickel Plate, and Western Bros. Pictures.

Steady gains for Emerson Radio, Philco, and Motorola. Admiral Corp. did a little better. In the minus column were U. S. Steel, Bethlehem Steel, Chrysler, J. I. Case, Douglas Aircraft, Allied Chemical, Eastman Kodak, International Paper, Nickel Plate, and Western Bros. Pictures.

Pitching Horseshoes

By BILLY ROSE.

THE FIRST HISS CASE

The class in Theatrical History was a pleasant surprise.

Why are most New York theatres located in the dozen blocks north of 42nd street?

A. Because a producer once tossed a prima donna in his own theatre.

Well, it turned out he was right as dollar whiskey. Within a few years, his new theatre, the Olympia, was the most talked-about playhouse in the country, and before long other theatres were springing up around it to cash in on its turnaway crowds.

As for Koster and Bial, they took a lapping licking from the uptown competition, and in 1901 had to sell their opera house to an up-and-coming merchant named Macy who wanted to build himself a drygoods store.

As most of you have guessed, the man who gave out with the historic hiss was the opera impresario, Oscar Hammerstein I, grandpapa of the talented gent who among other things, helped write and produce "South Pacific."

Forty-second street these days is again a "Thieves' Lair," studded with hot-dog emporia and flea circuses, and it would be a nice twist if Oscar II were to hook his next musical, "Amana and the King of Siam," into the New Amsterdam theatre and tune up the old neighborhood in deference to the memory of his fabulous grandpappy.

Back in the day and garish days, a man who made a lot of money in the cigar business was the first Manhattan Opera House, a 2400-seat temple to Thelma, located on Herald Square where at the time was the center of New York show business.

The cigar manufacturer was quite an artistic fellow, and for years he presented the American people with "Cavalleria Rusticana." The opera, however, was so successful that he subsequently nicknamed it "Rusticana."

After the famous "hiss," he stepped back and other exciting things took place down to his last opera, but he seemed over control of the theatre to a pair of button-downed named Koster and Bial.

They then convinced that art and business could go together, they took a series of cheap attractions which packed them in, but when they started a cut in prices, the search in policy failed as well with the culture. When he heard of the success of the opera, he decided to build for opera singers to South to summer, and when Koster and Bial signed the rights to the opera, he decided to build for opera singers to South to summer, and when Koster and Bial signed the rights to the opera, he decided to build for opera singers to South to summer.

On the third night of her engagement, as the prima donna came through the curtains, her appearance was greeted with a tremendous hiss from downtown. It was the cigar manufacturer himself, making mean music through his molars.

Koster and Bial, it so happened, were on the theatre that evening, and when they heard the hiss, they began throwing epithets at him and then knuckles. A free-lance reporter, but next morning in Federal Market Court, the judge ruled that in any democracy worth the name a man had a perfect right to hiss a performer on his own theatre.

The Anderton, however, was not ready for the publicity. He made up his mind to build a theatre which would put Koster and Bial out of business, and when he had a suitable site on 42nd Street, he bought a plot of land, an uptown manna

known in those days as "The Thieves' Lair." Location doesn't matter," he told his friends. "It's what you put in a theatre that counts."

Well, it turned out he was right as dollar whiskey. Within a few years, his new theatre, the Olympia, was the most talked-about playhouse in the country, and before long other theatres were springing up around it to cash in on its turnaway crowds.

As for Koster and Bial, they took a lapping licking from the uptown competition, and in 1901 had to sell their opera house to an up-and-coming merchant named Macy who wanted to build himself a drygoods store.

GE to Sue Macy's

New York, March 29 (AP)—The General Electric Co. has taken steps to sue Macy's in an attempt to halt price cutting on electrical appliances. The court action is the first to be threatened against the big department store since a price war on electrical items began here two weeks ago. GE officials, to be filed in State Supreme Court, allege Macy's has been selling GE steam irons at \$3.59 below the fair trade retail minimum of \$17.95 and sandwich grills at \$3 below the \$14.95 minimums. President Richard Weil, Jr., of Macy's, declined to comment on the suit, except to say Macy's is ready to defend its pricing policy.

Contract Is Awarded

Albany, N. Y., March 29 (AP)—The State Public Works Department announced today the award of a \$10,783 contract for landscape work along 13 miles of the Taconic State Parkway, Dutchess county. A \$8,011 contract was awarded for waterproofing another 13 miles of newly completed concrete pavement on the parkway. The department announced yesterday awards of contracts totaling \$13,237 for building and equipping an addition to Hikey and Storehouse Building 26 at Letchworth Village, an institution in Rockland county for mental defectives.

Ballerina, Husband Freed

New York, March 29 (AP)—After a night on Ellis Island, a Paris Opera ballerina and her White Russian artist husband were freed yesterday by immigration authorities. They are Yvette Chauvire and her husband, Constantine Nepoukitchsky. The couple had been sent to Ellis Island Monday after their arrival on the liner De Grasse. They will be permitted to remain on visitors' visas until May 4. Edward J. Shaughnessy, district director of the Immigration Service, said, "There was no specific charge against either, he said, and they were taken to the island for questioning about their eligibility to enter the country."

Highland Girl Is Engaged in England

Highland, March 29—Mr. and Mrs. Nathan Deyo Williams announce the engagement of their daughter, Miss Marian E. Williams to George Ronald Dishman, son of Mr. and Mrs. George Dishman, Grimshy, Lincolnshire, England. Miss Williams, graduate of New Paltz State College with degrees from Columbia and N. Y. U. has taught at Floral Park, L. I., and last summer visited for England as an exchange teacher. She has been teaching at Burwell, Cambridgeshire, England. Miss Williams will return in August and the wedding will take place next winter.

Sullivan-Shafer Post Of New Paltz Marks Legion's Birthday

Sullivan-Shafer Post, No. 176, New Paltz, observed the American Legion's thirty-first birthday at its regular meeting last Wednesday. The date was appropriately honored with a large birthday cake decorated in gold and blue. "Happy Birthday" was sung for Auxiliary President Mrs. Edna L. Brannigan and Commander Charles E. Deyo, whose birthdays also come in March.

A resolution against socialized medicine and health insurance was signed by members and sent to Washington.

It was announced that a game party will be held in the Legion Building on Tuesday, April 4. The proceeds from the game party of March 23 will be sent to the Ulster County Tumor Clinic.

A donation of \$15 was sent to the Veterans' Infirmary.

Easter cards and \$5 were sent to the veterans at Castle Point.

Mrs. Betty Poucher displayed a crocheted woolen afghan which she expects to dispose of at the April meeting for the benefit of the auxiliary.

Coupon chairman, Mrs. Grace Anthony reported the gift of nearly 1,000 coupons from Marie LeFevre and also gifts from Mrs. Fred Dressel and Mrs. George W. Jenkins.

The Pan American Study Chairman reported how quinine came to be used as a medicine and on the cultivation of coffee.

Mrs. Louis Wren reported on the county meeting at Marlborough and Mrs. Alice J. Hasbrouck read correspondence from Congressman Jay LeFevre relative to the Hoover Bill.

Following the business meeting a social hour was enjoyed with Mrs. Peter H. Harp in charge of refreshments.

Paltz Couple Have 41st Anniversary

New Paltz, March 29—Mr. and Mrs. Frank Guinac celebrated their 41st wedding anniversary on Saturday, March 25, by entertaining a few friends at their home in the evening. Mrs. Guinac had planned the affair as a surprise for her husband. The early hours were spent playing dominoes. Refreshments were served. The Guinacs received many cards of congratulations and a large bouquet of assorted flowers. A happy moment was when they heard the voice of their little grandson from Springfield, Mo., on the phone when his mother, Mrs. Paul Garvin called to congratulate her parents. The delightful evening ended shortly before midnight, when the guests departed wishing Mr. and Mrs. Guinac many more happy anniversaries.

Vocal Soloists at Lenten Musicale

Mrs. Ralph Harper, soprano, left, and Mrs. Madeline Wood, contralto, will sing solo and a duet at a Lenten Musicale to be presented Sunday afternoon in the Governor Clinton Hotel by the Women's Club of the Y.W.C.A.

Mrs. Madeline Wood and Mrs. Ralph Harper will be soloists at the Lenten Musicale sponsored by the Women's Club of the Y.W.C.A. in the Crystal Room of the Governor Clinton Hotel Sunday at 4 p. m.

An 18-voice Women's Chorus will be directed by C. Franklin Pierce with Mrs. Pierce as accompanist. Mrs. Florence Cuddeback, violinist, will play the Conzetta from the Tschalkowsky violin concerto, and Mrs. Willard Burke, pianist, will play one movement of the Beethoven sonata Opus 10 number 2. The program also includes: Cherubim Song, by Bortniansky; Ride On, Ride On, by Scott; Sheep and Lambs, by Homer; Ye Watchers and Ye Holy Ones, a 17th Century German song; Holy, Holy, Holy Lord, by Werthing; Holy Lord God, by Cain; How Lovely Is Thy Dwelling Place, by Brahms, all sung by the Women's Chorus.

Mrs. Harper, a soprano, will sing the Alleluia excerpt from Mozart's motet "Exultate" and Mrs. Wood, contralto, will sing Resurrection by Harry Rowe Shelley.

The two soloists will join in a duet, "Power Eternal, 'Stabat Mater,' of Rossini.

Members of the women's chorus are: Mrs. Charles Brandt, Mrs. Willard Burke, Mrs. Byron Chinnham, Mrs. Lester Decker, Mrs. Ralph Harper, Mrs. Jerome Kemmerer, Mrs. Louise Guldridge, Mrs. Arthur Landaw, Mrs. Ella Ochs, Mrs. William Petry, Mrs. Robert Pixley, Mrs. Harriet Nussbaum, Mrs. Harry Reppert, Mrs. William Ryance, Mrs. Earl Schoemaker, Mrs. Louis Smith, Mrs. Richard Tuller and Mrs. Raymond Gross.

The program will open with a meditation, led by the Rev. Merrill C. Johnson.

The public is invited.

Good Taste Today

By Emily Post

(Author of "Etiquette," "Children Are People," etc.)

MAN'S RING FINGER

After many months the following question is again asked: "What finger should my fiancée's wedding ring be fitted to? I think the left ring finger goes for the groom as well as the bride and that a man's little finger is only supposed to be for other rings he might wear. But he seems to think a man may wear all rings, including his wedding ring, on the little finger. Will you need your help to decide this?"

Here in America, most men of fastidious taste wear their rings (including a wedding one) on their little finger. In other countries, the third finger is customary. In any case, this question must be decided by the personal preference of the bridegroom. In other words, there is no fixed rule governing a man's wedding ring that is similar to the rule that the bride's ring must be placed on the third finger of her left hand.

Is Knitting Discourteous?
Dear Mrs. Post: A friend has asked me to find out whether it is improper for someone to knit while talking with friends or being dumpy at the bridge table. Some of her friends evidently have been criticizing her practice.

Answer: There is no objection to knitting if she is so expert that she need never glance at her needles. At the other extreme, a knitter who has to count stitches must lay her work aside whenever any visitor is present.

Young Woman Alone
Dear Mrs. Post: When a young woman rents three rooms as an apartment in a private house, shouldn't she leave the door of her living room ajar when she entertains a man friend alone?

Answer: She certainly should not be questioned for keeping the door to her own apartment closed at all times. But if she closes it only when having men visitors, she would be inviting criticism.

How to mark and fold napkins and linen cloths is explained by Mrs. Post in booklet No. 501, "Table Service." Many other items of interest are included in this booklet. To obtain a copy send 10 cents (coin preferred) and a 3-cent stamp to her, c/o The Kingston Daily Freeman, P. O. Box 99, Station G, New York 19, N. Y. Vegetable of Week: Fresh Snap Beans

The best buy of the week in vegetables is likely to be the snap bean.

Almost our entire supply of snap beans in winter comes from Florida, where plantings and crop conditions indicate that our markets will have a good supply at reasonable prices for several weeks to come. Snap beans are selling for much less than a month ago—although, of course, prices are not as low as they will be in summer when our supply is all "homegrown."

In recommending the snap bean for Kingston's market buys this week the Ulster County Home Bureau warned that not all snap beans are of top quality. You'd better select them carefully.

Snap beans are high in vitamins A and C, and contain generous amounts of the B vitamins. Frozen and canned snap beans are also in good supply and the nutritive value of properly processed and harvested vegetables is nearly equal to good fresh ones.

Music Appreciation

The Music Appreciation Group of the Y.W.C.A. will meet Thursday afternoon at 2:30 at the home of Mrs. Florence Cordis, 132 Lindsley avenue. Mrs. Robert Pixley and Mrs. William Petrie will have charge of the program.

Suppers & Food Sales

The Shokan Reformed Church fair and supper will be held the afternoon and evening of August 10. The following chairmen have been appointed:

Mrs. E. Angel, fancy booth; Mrs. Burt Tandy and Mrs. N. R. Windrum, kitchen; Mrs. E. Adsit, refreshment booth.

The W.S.C.S. of the Stone Ridge Methodist Church will hold a food sale at Elmendorf's gas station on Saturday, April 1, beginning at 10 a. m.

Return of Veteran Stars Boosts Track Prospects at Kingston High

USO Champions In Good Shape For '50 Campaign

Weber, Kiwus Among Returning Aces

Track prospects for 1950 are considered bright at Kingston High, where 14 letter men will carry the Maroon banner for the 1950-51 season.

Larry is squad captain this year.

Leading the group of returnees is John Weber, a star in the high jump and pole vault specialties. He holds the all-time school record of 12 feet 6 1/2 inches in the pole vault.

Other veterans who are expected to lead are Coach G. Warren Kins' sons are Frank Kiwus and Harold Ayer in the 100 and 200-yard sprints.

Joe Razzo and John Koch return for the 200-yard hurdle race, while Koch pairs with Ed Harrell and Philip Timbrouck in the broad jump.

Kiwus backs Weber in the high jump and Paul Jeffrey in his event in the pole vault. Harvey Semloff and Joe Berryman furnish good one-two punch in the 100-yard dash.

Thomas Harris the mile standard bearer and Bill Shattuckness is the star in the 440-yard hurdles. The probable standout athletes for the various events, and their best records as compiled by Fred Egan, the Maroon track coach, are:

100-Yard Dash—Frank Kiwus (10.8); Harold Ayer (10.8); Alfred Schramm (11.1); Alfred Schramm (11.1).

200-Yard Dash—Frank Kiwus (23.2); Harold Ayer (23.7); and Walter Schramm (24.1).

300-Yard Hurdles—Joe Razzo (5.2); John Koch (5.2 seconds); Ed Harrell (5.1).

440-Yards—William Stauch (1.1); Philip Timbrouck (1.1); and Ed Harrell (1.1).

550-Yards—New Madison and Paul Jeffrey (1.1).

1-Mile Run—John Harris.

High Jump—John Weber (5' 7 1/2"); William Kins (5' 7 1/2"); and Ed Harrell (5' 7 1/2").

100-Yard Dash—Frank Kiwus (10.8); Harold Ayer (10.8); Alfred Schramm (11.1); Alfred Schramm (11.1).

200-Yard Dash—Frank Kiwus (23.2); Harold Ayer (23.7); and Walter Schramm (24.1).

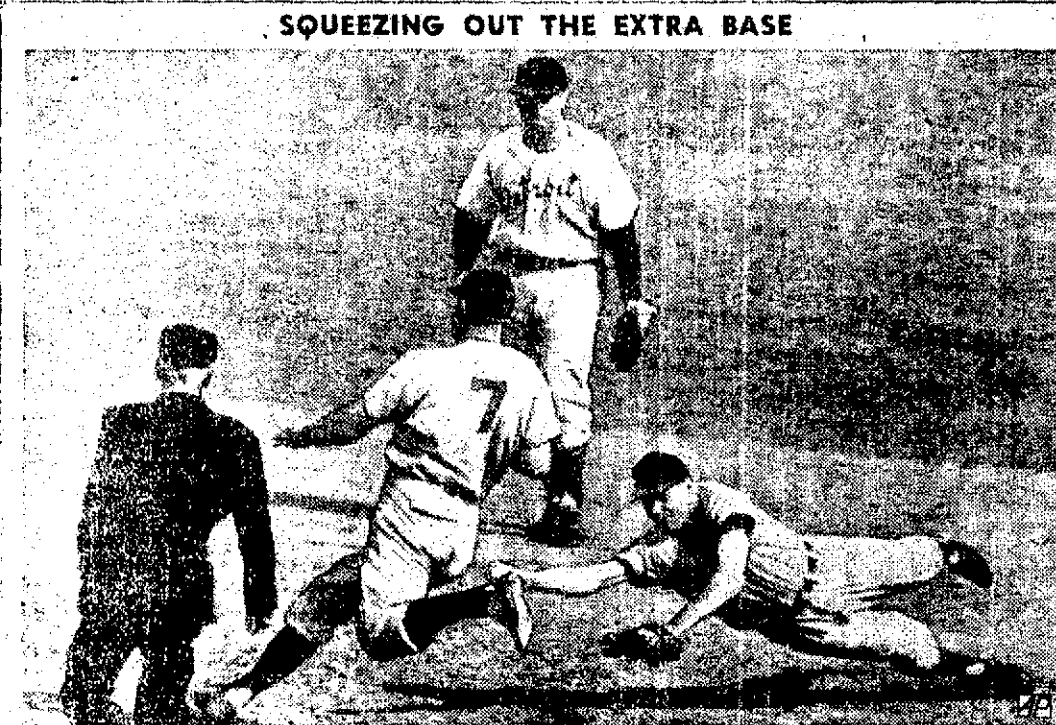

300-Yard Hurdles—Joe Razzo (5.2); John Koch (5.2 seconds); Ed Harrell (5.1).

440-Yards—William Stauch (1.1); Philip Timbrouck (1.1); and Ed Harrell (1.1).

550-Yards—New Madison and Paul Jeffrey (1.1).

1-Mile Run—John Harris.

High Jump—John Weber (5' 7 1/2"); William Kins (5' 7 1/2"); and Ed Harrell (5' 7 1/2").

Walker Cooper, Cincinnati Reds catcher, squeezes a double out of a hit to centerfield in fifth inning of game with Detroit Tigers at Lakeland, Fla. Tiger Shortstop Johnny Ligon dives for Cooper after taking throw from centerfielder Johnny Grubbs but umpire Lou Jordan (left) ruled that the runner was safe. Tiger Second Baseman Gerry Friddy watches play in background. Reds won, 12-7. (AP Wirephoto)

Predict Record Big League Draw

Chicago, March 29 (AP)—A new major league attendance mark may be hoisted this season by the American League, judging from reports of ticket sales.

President Will Harridge reports that pre-season sales are the greatest in the league's 30-year history.

"The Cleveland Indians are heading for \$1,000,000 before the season opens," he says. "The Red Sox have about \$750,000 in the bank. And Detroit had to stop selling season box seats so game-to-game fans would not be shut out. All clubs are reporting terrific advance sales."

The A.L. set a major league attendance high of 11,150,099 in 1948. Last year the games attracted 10,739,647.

"Two big factors in a possible change for a new mark this season are the early weather and a continuation of the pennant battle into the final month," Harridge observed.

The junior circuit chief predicts another close race.

Four Aces Set With Newburgh

A quartet of Newburgh baseball stars, three of current vintage, are scheduled to appear in the lineup of the Newburgh Yankees against Porter Brothers of Kingston in the Y-Mid-Hudson tournament at 8:30 tonight at the Y court.

The four aces are Dick Tyler and Frank Quimby of the Newburgh Academy varsity; Big Ed O'Connor of St. Patrick's Academy; and Ralph Petillo, ex-N.E.A. star who later played at Harvard.

Philmont Merchants and Highland Falls are scheduled in the 7:30 p. m. contest.

City Wins 'Double'

New York, March 29, (AP)—A legroom!

CCNY did it!

The Beavers from City College of New York beat Bradley last night to become the first team to make college basketball's grand slam—winning both the National Invitation Tournament Championship and the NCAA Championship in the same year.

CCNY, variously dubbed "The Cinderella Team" and "The Team of Destiny" completed its sweep of the nation's toughest teams by taking Bradley, 71-68, to replace Kentucky as the NCAA champion.

A week ago Saturday the Beavers smacked Bradley, 69-61, to win the N.I.T. title.

Whereas in their first meeting CCNY came from behind in the second half and gradually drew away, Bradley almost pulled the game out of the fire in the last 20 seconds last night.

Five seconds later the Beavers made a wild pass out of bounds, giving Bradley possession and a golden opportunity to turn defeat into victory.

Gene Melchiorre, who had intercepted CCNY passes and scored three consecutive baskets in the last two minutes, drove in for another shot. But three taller CCNY players partially blocked his shot and recovered the ball. Floyd Layne fired the length of the floor to Norm Mager for an easy layup that sewed up victory for the Beavers. There were exactly seven seconds left. Bradley did not get another shot.

Pandemonium broke out among CCNY rooters with their shouts of Allegroo. Allegroo—the school's rallying cheer—and their signs of "We did it before and we can do it again" and "Bradley's last stand."

Seattle—Harry "The Kid" Matthews, 178, Seattle, outpointed Jack Flood, 194, Seattle, 10.

Training Camp News in Brief

(By The Associated Press)
Sarasota, Fla., March 29 (AP)—With Johnny Mize and Tommy Henrich hobbling with injuries, Joe Collins is making a determined bid to win himself a first base berth with the New York Yankees.

Collins, who hit .319 with Kansas City of the American Association last season, has been one of the leading hitters in the world champions' camp this spring. The six-foot left-hander garnered half of the Yank's hits—a single and double—yesterday in their 9-5 loss to the Boston Braves.

Vero Beach, Fla., March 29 (AP)—Robert Fogie Milliken, a young right-hander with a burning desire to make good, got his acid test with the Brooklyn Dodgers today against the Philadelphia Athletics. His performance will decide whether he stays with the National League champions, or returns to Fort Worth of the Texas League.

Phoenix, Ariz., March 29 (AP)—Monte Kennedy, who has been one of the New York Giants' inferior pitchers this spring, sprang a surprise on Manager Leo Durocher yesterday.

Durocher called on the Virginia left-hander to start against the Cleveland Indians. And Monte surprised everybody by becoming the first hurler on the staff to go seven innings. He held the Indians to three hits and left with a 2-1 lead. Cleveland rallied to win, 4-2.

Sarasota, Fla., March 29 (AP)—Manager Joe McCarthy expects to field his regular lineup for the first time this season as the Boston Red Sox meet the world champion New York Yankees today at the Payne field in the fourth spring exhibition game between the teams. Johnny Pesky has recovered from pulled leg muscle and will be at third base. The Sox won two of the previous tilts. Mel Parnell and Joe Dobson will share the pitching chores. Yankee Manager Casey Stengel will pitch veteran Ed Lopat. Stengel has not announced his lineup but all regulars are expected to start.

Offer For Jake
Philadelphia, March 29 (AP)—Middleweight Champion Jake LaMotta can pick up \$50,000 if he wants to defend his title here May 22 against Rocky Graziano, Robert Villanain or Paddy Young. Promoter Harry Steinman said yesterday he had offered LaMotta that amount for a title fight.

Price includes motor rail, belt, pulley, milre gauge, fence, splitter, guard—less motor and extensions. Side extensions, each \$8.00

Walcott Claims Charles' Title

Camden, N. J., March 29 (AP)—Jersey Joe Walcott, unsuccessful in three tries at the heavyweight title, is ready to grab it without lifting a finger.

Walcott's manager, Felix Bozichich, filed a claim for the championship yesterday in a telegram to Commissioner Abe J. Greene of the National Boxing Association in the event champion Ezzard Charles is forced to retire because of an injury.

Charles gained NBA recognition as the heavyweight champion by defeating Walcott in a 15-round bout at Chicago last June. Walcott was defeated in two previous attempts by Joe Louis.

The 36-year-old boxer's manager told Greene in his telegram that he believed Walcott "should fall heir to the title" if Charles' heart injury forces the champion to retire.

The champion's injury forced cancellation of a title defense against Freddie Besnore, Harrisburg, Pa., challenger, in Buffalo.

Scheffel's 31 Points Pace Sickler's 72 to 48 Victory

Highland Five Victim of Barrage By Maroon Ace

Marlborough Defeats Newburgh Furniture

Ronnie Scheffel transferred his scoring magic to the Y-Mid-Judson basketball tournament last night, and his 31 points against the Highland Jewellers came within six of the all-time record of 37 held by Paul Scobie of Hamden.

Scheffel's scoring spree paced Sickler's Juniors—the KHS varsity intact—to an impressive 72-48 triumph over the Jewellers, an aggregation of former Highland high aces.

The veteran Marlborough Legion quintet defeated the powerful Newburgh Furniture Mart, 38-50, in the other attraction.

Scheffel spaced his 31 points evenly—with 16 in the first half and 15 after the recess. The ex-Maroon whiz kids broke the game apart in the second half and piled up 27 points in the fourth quarter.

Switch Style

The Juniors walked off the court with a 31-25 edge in the first half and then switched their fast breaking tactics to a more deliberate pattern of play.

Highland folded in the second half under the pressure of close pressing by the Juniors. Scheffel's shovel passes under the basket were effective and his all-around play was outstanding.

Matty Leonard was runner-up to Scheffel with 14 points, while Bud Scheffel tossed in five dimes.

High scorer for Highland was Weston with 19 points, with H. Passant tossing in 12.

Ahearn Scores 22
Ahearn, Purdy and Casey led the attack as the Marlborough Legion got off winging against the Furniture Mart and led 18-6 at quarter and 35-25 at half-time.

Ahearn bucketed 22 points for the southern Ulster eagles, while Purdy and Casey accounted for 25 between them.

Matt Chrystal, N.E.A.'s All-DUSO forward, paced the Furniture Mart with 16 points. Ed Gabron, the ace center who was dropped from the N.E.A. squad, was restricted to six points.

Sickler's Juniors return to the Y boards Saturday night against the winner of tonight's clash between Philmont and Highland Falls.

LIGHT DUTY—Spring training is not all work at the world champion Yankees' training camp in St. Petersburg, Fla. Shortstop Phil Rizzuto of the New York Americans relaxes on the beach, supervising the filling of sand pails by daughters, Cindy, 2, left, and Patty, 6.

Siena and Loras Advance
In Catholic Tournament

N. Y., March 29 (P)—Siena and Loras advanced in the semi-finals of the Catholic tournament today.

Siena, in the first round, defeated St. Francis of New York, 2-1, in a game played at the St. Francis campus.

Loras, in the first round, defeated St. Francis of New York, 2-1, in a game played at the St. Francis campus.

Loretto, Pa., 59-58, in the opener. Winners of tonight's games will meet in the first semi-final tomorrow night. Siena and Loras are scheduled for the afternoon.

The final will be Saturday night.

Child Hanged in Chair

Pasadena, Calif., March 29 (P)—Traffic Officer Dan Sheridan was walking past Emergency Hospital yesterday when an ambulance screamed up to the entrance. An attendant told Sheridan a baby had been hurt at a certain address. "That's my boy!" Sheridan exclaimed. He rushed inside and found his 11-month-old son, Michael, on an operating table. He said the boy had been left by the boy alone in his chair for a moment. When he returned, he was hanging by his neck, his head caught by the food tray.

Bowling

Elwood Robinson paced a brisk scoring session in the City League Monday with scores of 197-213-220-630. Ad Jones was not far behind with 211-222-625. Larry Peterson Sr. posted 213-214-619; Tom Carlucci 204-216-608; and Bill Kuehn 211-202-603. Other high scorers were J. Sangi 215-201-594; Phil Corrado 218-204-592; Irv Alward 211-582; H. Spaulding 213-574; G. Flemings 202-575; and Angie Ferraro 572.

CHICHELSKY'S CHATTER

Amy Mauro got the biggest thrill of her career with that 207 single in the state tournament doubles. Gild Anderson of Poughkeepsie, who rolled a 600 in the Bridge City last week, has one of the smoothest deliveries we have seen so far in the tournament. Tess Moss is one of the busy women of the tournament, in charge of the admission booth. It is impossible to witness all the outstanding split conversions, but the following deserve honorable mention: Marge Jansen and Tess Moss, 6-7-10; and Eleanor Singer 6-7.

The girls really can't wait for the new wood to be used the first two weeks. The Kingston ladies deserve a big hand for their score-keeping work. No-Can-Do League won first place in the Non-Member division. Quiz of the week: Who won last year's all-events and what was her total? The answer to last week's quiz, on how Kingston placed according to number of entries to a state tournament, is fourth. Buffalo had 1599 teams last year. Utica had 1473 in 1948 and Syracuse had 1367 in 1947. Kingston's mark for 1950 is 1330.

Don Wood finished with 219-557 to pace the Y Federation National league on the Y.M.C.A. drives. Howard Minard bagged the other "500" with 526. Also shooting top scores were Art Ryman 490; G. Tailleu 203-488; R. Harper 488; F. Short 484; R. Cutler 481; J. Kuehn 478; D. Doyle, Jr., 207-472; W. Koeppen, J. Slis and J. Fatum (205)-471.

Highlights in the Central Rec League were the conversion of the 7-9 split by Al Roosa and a three-game sweep that assured Jones Dairy Juniors of at least a tie for the league championship with Thompson's, whom they meet next week.

The best triple of the night went to Charles Gildersleeve, who shot 232-193-177. Tony La Rocca posted 238-600; Jim Moss 559; Len Stauble 552; Chris Gallo 546; Chris Robinson 203-544; R. Houghaling 223-542; Ralph Frederick 540; Stan Colvin 535; C. DuBois and Elting Auchmoody 530.

New Paltz Players

To Give Comedy

Molhere's rollicking comedy, "The Doctor in Spite of Himself," will be presented at New Paltz State Teachers College, Friday and Saturday, March 31 and April 1, in the college auditorium. The three-act production will be produced by the New Paltz Players under the direction of Miss Vera E. Rushforth. There is no admission fee. Curtain time is 8:15.

The story is set in 17th century France and revolves about an innocent wood-cutter who becomes convinced he is a famous doctor. As such he sets the stage for one hilarious situation after another. Robust action and humor run riot throughout the play.

Free tickets for the production may be obtained at the door or at Margie's Dress Shop, Main street, New Paltz.

Display Welcome Signs

Business establishments are being asked to display the "Welcome to Kingston" signs distributed free of charge by the Chamber of Commerce. They are available at 15 places in the city as publicized recently, including the Chamber of Commerce office. They are designed to welcome the bowlers from all parts of New York state who are attending the women's tournament here each week-end.

Lattimore on Way Home

Karachi, Pakistan, March 29 (AP)—Owen Lattimore, on his way back to Washington to answer charges by Senator McCarthy (R-Wis.) that he is the top Soviet spy in the United States, is expected to leave here later for London. Lattimore arrived last night from Kabul, Afghanistan, where he was studying how best United Nations technical assistance can help that country.

Button Manufacturer Indicted in Charge

Newark N. J., March 29 (AP)—Isadore J. Reissman, Guttenberg button manufacturer, has been indicted on a charge of evading payment of more than \$500,000 in income taxes during the war years.

Assistant U. S. Attorney Joseph W. Schwartz, who presented the case to a federal grand jury yesterday, said Reissman, 56, was a business associate of Jerry W. Kral, another Guttenberg button

maker. Kral was convicted Feb. 20 for evading payment of \$2,920 in back income taxes. The three-count indictment charged Reissman with owing \$117,111 on an income of \$194,825 for the year 1943, \$243,717 on a net income of \$287,529 in 1944, and \$154,269 on an income of \$192,274 in 1945. He faces a maximum sentence of 15 years in prison and \$30,000 in fines if convicted on all counts. Schwartz said Reissman made many cash sales during the war which were not listed in his records. The government became

interested in Kral's returns while investigating Reissman, he added. The indicted man operates the Reissman Pearl Button Works at 420-422 68th street, Guttenberg. He formerly lived there, but recently moved to Long Beach, N. Y.

—Mr. and Mrs. John Hafner walked out of their house, then discovered they had left both house and car keys inside. All doors and windows were locked. But Maise their pet spaniel, was inside. Excitedly, she kept leaping up on the back door. Finally, she tripped the latch. The Hafners went back in for their keys.

Now you know!

The answers to everyday insurance problems
By HERMAN J. EATON

QUESTION: Recently we suffered a fire loss which was paid by our insurance company. Now a friend tells me that my insurance policy expired with the settlement and I must take out a new policy in this town?

ANSWER: Not entirely unless the insurance company paid you the full amount of the policy. Usually our fire policies have an automatic reinstatement clause up to \$100. The insurance company will pay a loss up to that amount without deducting from the face amount of the policy. For larger loss payments the company deducts all over that amount from the face value of your policy and you must make arrangements to have the policy restored to its original value.

If you'll address your own insurance questions to this office we'll try to give you the correct answers and there will be NO CHARGE OR OBLIGATION OF ANY KIND.

Keeps White Houses Looking Whiter Longer

It's Fume-Proof... self-cleaning!
Pittsburgh Sun-Proof House Paint produces a film of unusual whiteness that really stays white! Coal smoke or industrial fumes will not discolor or darken it because it's fume-proof! That's why it's especially good for painting homes in industrial areas where paint is often attacked and spoiled by coal smoke or factory gases.
Sun-Proof is self-cleaning, too. Removes surface dirt each time it rains. It contains special "Vitalized Oils" that keep it tough and elastic, providing long-lasting live-paint protection... Gallon \$5.17

Pittsburgh Oil-Base WALLHIDE
Here's a truly oil-base wall paint that covers most interior surfaces with one coat. It is enriched with special "Vitalized Oils" that control penetration and lessen the need of priming coat. Wallhide spreads uniformly, dries quickly. Its rich, pleasing sheen can be washed without streaking. Available in flat, semi-gloss and gloss finishes and in authentic reproductions of colonial Williamsburg colors.
Flat, per gallon \$3.55
